## EDUCATION

**University of North Carolina -- Charlotte** Bachelor of Science, Computer Science

May 2019 – May 2021

**GPA 3.95**

## RELEVANT PROJECTS

**Twitter Clone** - Built a twitter clone designing a front-end and back-end solution using SanityCMS. I then built another version of the clone using SpringBoot and MySQL backend. Code can be found in my [Github](#). App Demo can be found on my vercel deployment ([Twitter Clone App](#)). The tools/skills used were: React, Typescript, NextJS, TailwindCSS.

**Facebook Clone** - Built a web app mocking facebook read and post functionality and UI. Live Site can be found here ([Facebook Clone App](#)). You can log in and give it a try. The front end is hosted on Vercel and the backend on Railway. The tools/skills used were: Java, Spring Boot, and MySQL for the backend. NextJS, React, TailwindCSS and Typescript for the front end. Site is run on restful micro-services using Java that can later be connected to an Angular front-end.

**Web Based Application Development** - Built a modern UI/UX landing page designed for a bank. Live site can be found at this link and code on my Gitlab. ([Modern UI/UX Site](#)). The tools used were: Vite, React, Javascript, TailwindCSS.

## PROFESSIONAL EXPERIENCE

**Freelance -- Java Full-Stack Software Developer, Remote**

July 2022 – Present

- Built a modern UI/UX landing page designs for fintech applications.
- Built a web app with social media read and post functionality and UI. Java, Spring Boot, and MySQL for the backend. NextJS, React, TailwindCSS and Typescript for the front end.
- Built a personal site taking designs from Figma and producing them with Typescript and React.

**DeQuest -- Product Manager, Remote**

January 2022 – July 2022

- Built relationships with games and guilds across the Web3 ecosystem.
- Developed strategies for integrating DeQuest with popular Web3 communities.
- Researched and produced presentations on product user flow and implementation.
- Planned functional requirements for an API achievement system for Web3 partners.
- Worked closely with the COO and CEO in dealing directly with all partners.

**Wells Fargo, Phone Banker II; Charlotte, NC**

April 2018 – May 2019

- Provided service for 10,000+ small business customers at the National Business Banking Center.
- Promoted to leader on the new hire coaching team where I was responsible for reviewing phone calls, class presentations, and overall guidance.
- Received the customer excellence award for top customer experience scores.
- Provided financial services, serviced fraud cases, and handled cases with the executive office.
